(1) INFORMATION ABOUT THE POLICY OR DECISION

1.1 Title of policy or decision

BSO Annual Report and Accounts 2024-25

1.2 Description of policy or decision

- **what is it trying to achieve? (aims and objectives)**
- **how will this be achieved? (key elements)**
- **what are the key constraints? (for example, financial, legislative or other)**

The BSO Annual Report and Accounts 2024-25 outlines the key achievements and developments from all the service areas and programmes within the BSO. All activity is based around the five core strategic aims and objectives of the organisation. It also keeps front and centre the HSC Values of Working Together, Excellence, Openness and Honesty and Compassion at the core of all service. The BSO began a Strategic Review of its Operational Model in 2022, the aims and objectives were to ensure the operating Model was fit for purpose met customer needs, and to ensure the BSO was fully structurally sound.

It reports on the key actions within the BSO Performance Against Business Planning for 2024/25 as well as key information on the BSO Accounts. It outlines Key achievements and developments within each Service Area in 2024/25, alongside any difficulties faced. It also highlights the new and ongoing programmes being launched and delivered by multiple service areas. Currently the BSO are responsible for 18 programmes including:

These DoH priorities, set within the context of on-going financial constraints and HSC reform and restructuring, have contributed to a strong focus on transformation and a 'one-system' ethos within HSC.
