# Equality and Human Rights Screening Report

## Introduction

The Equality Unit in the Business Services Organisation is responsible for providing equality support to the ten partner organisations shown on page 1.

Each organisation is committed to embedding equality, human rights and diversity into their policies and practices. In accordance with guidance from the Equality Commission issued in April 2010 (Section 75 of the Northern Ireland Act: A Guide for Public Authorities) this is undertaken by conducting a screening exercise. Screening is an important tool that allows a more systematic examination of how any of our policies and practices might impact on staff, service users or the public differently. Screening helps organisations to think about what might need to be undertaken to mitigate any identified inequalities. It allows greater consideration of ways that we could better promote equality of opportunity.

## Why are we reporting our screening outcomes?

The purpose of publishing the screening outcomes report is to ensure that our ten partner health and social care organisations make their policies and screening outcomes accessible. It provides opportunities for feedback. It also contributes to our belief in the importance of ensuring that we make the work that we do and the decisions that we take more open and transparent. We have all offered this commitment within our Equality Schemes.

Quarterly publication of our screening activity is one way of providing evidence, externally, on the mainstreaming of the equality duties.

## **What is included?**

Listed in each quarterly report are the screening exercises undertaken during that period by each organisation. This includes a short description of the policy or process, the screening outcomes, including mitigation, and any additional recommendations.

## **Your views**
