Dear Patient,

Thank you for getting in touch with us.

We have reviewed the information you have provided and are pleased to advise that you are entitled to continue accessing GP services in Northern Ireland for the remainder of your visit to Northern Ireland.

What happens now

- If you are a visitor who has paid the Immigration Health Surcharge, your registration with a GP in Northern Ireland will automatically end on the same date as the visa you provided to us when you registered. We will not write to you and it is your responsibility to let us know if your circumstances change and you wish to continue accessing healthcare.
- If you are a visitor with entitlement under an exemption of the Provision of Services to Persons Not Ordinarily Resident Regulations (Northern Ireland) 2015, your registration with a GP in Northern Ireland will automatically end on the date you told us your visit would end, when you registered. We will not write to you and it is your responsibility to let us know if your circumstances change if you wish to continue accessing healthcare.

If your registration is cancelled, you will no longer have access to GP services and you may be charged for any hospital treatment you receive. It will also be necessary for you to reapply to a GP Practice, if you wish to continue accessing services.
