Please do not eat, drink or smoke in the 30 minutes prior to appointment time.

### What do I do when I arrive?

- Patients should arrive alone. Under 16s can be accompanied by one adult with parental responsibility.
- Please attend at your given appointment time (not too early).
- On arrival please approach the back doors to the centre.
- Ring the contact number on the door to announce your arrival.
- Remain at back door.

### What will happen next?

- A staff member will escort you into the building.
- The staff member will be in full Personal Protective Equipment (PPE).
- You will be asked to wear a mask, sanitise your hands, and you may also be required to have your temperature taken.
- The dentist will examine you and provide the necessary treatment to address your urgent dental need under local anaesthetic (if required).
- You will be expected to comply with full treatment in a timely fashion or treatment may have to be abandoned.
- Please note only one problem only will be treated this visit.
- Following your examination / treatment you will be escorted from the building.

Please note – there will be no cost payable for this service. We would request that you read the Patient Information leaflet accompanying this document in advance of attending for your appointment.
