Active Pharmaceutical Ingredient: Chlorothiazide

Brief description of the problem

Mawdsley-Brooks & Company Limited would like to notify you of an error with the patient information leaflet (PIL) that have been provided with the above batches of products. The PIL provided was a newer version of the PIL which did not include the correct ingredient information. The discrepancy surrounds the alcohol content within the product, the details are as below:

The bottle, carton and PIL inside the pack correctly states the alcohol content as 0.5% whilst the PIL provided by Mawdsley-Brooks & Company Limited states 0.4%.

Advice for healthcare professionals

There is no risk to product quality or patient safety as a result of this issue, therefore the affected batches are not being recalled. Healthcare professionals are advised to exercise caution when dispensing the product and use the manufacturers PIL inserted in the pack.
