22nd September 2021

Dear Colleague,

Updated Vaccine Management System (VMS) 'URL'.

The VMS software was successfully updated to Version 2.0 on Tuesday 21st September.

The new version is accessed through a new URL and so contractors should now update any shortcuts or links they have on their desktop, browser, or favourites.

Updated URL

Contractors are advised to update any links they have to the new VMS 'URL'.

Old URL: <https://vms.healthandcareni.net/pharmacy/>

(this currently has a redirect in place so clicking this will take you to the new URL but is slower than direct access)

New URL: <https://vms.healthandcareni.net/>

(please update any shortcuts or links to this new URL)

Whilst the old URL currently has a redirect in place to the new VMS, contractors will have quicker and more efficient access to VMS if they use the new URL.

Help File

A summary help file showing the main functionality of the new VMS along with screen shots can be found in the update letter (16th Sept) on the [BSO website](#). A full help file can also be found within the VMS software by following the FAQs and Guidance link at the bottom of the VMS homepage.

If you have any queries in relation to the VMS, please contact either: Chris Blayney (chris.blayney@hscni.net) or Greg Miller (greg.miller@hscni.net)

Yours sincerely,

Pharmacy Lead
Health and Social Care Board
