

Pharmacy First PILOT sore throat service

**Antibiotic Decision Pathway**

**Does the patient have a penicillin allergy?**

Approximately 1 in 100 people have a true penicillin allergy. 9 out of 10 people 'labelled' as allergic are not actually allergic to penicillin. Link to Royal Pharmaceutical Society penicillin allergy check list [Penicillin allergy checklist | RPS \(rpharms.com\)](https://www.rpharms.com/penicillin-allergy-checklist)

**\*Clarithromycin NOT to be used if patient is pregnant or breastfeeding\***
