

For the attention of Community Pharmacies providing the Spring 2025 COVID-19 Community Pharmacy Vaccine Service (CPVS):

Update Three: 11th June 2025

1. URGENT Reminder: Vaccine Stock is Available

Community Pharmacies are contracted to deliver the Spring CPVS for the duration of the campaign, if you have demand for vaccination and need to increase your quota to order more stock please email Grainne.McMahon4@hscni.net

The CPVS should continue to be offered by contracted pharmacies until the **end date of 30th June 2025**.

As per the CPVS service specification: If the pharmacy temporarily or permanently ceases to provide the service, they must notify the SPPG immediately.

Where a community pharmacy is unable to vaccinate a patient, they should be signposted to an alternative provider, details are available at: <https://vaccinations.covid-19.hscni.net/location-search>

2. Spring 2025 COVID-19 Vaccination in Care Homes

We are now entering the last weeks of the Spring 2025 COVID-19 Community Pharmacy Vaccination Service. Please ensure all Care Homes have their vaccinations completed by the end of the programme.

- If there are any outstanding vaccination records, these should be added to VMS as a matter of urgency.
- Please see the recent [learning letter](#) published by SPPG which highlights the risk associated with delayed recording on VMS.

Important Action: If you are having any issues getting care home vaccination clinics arranged please email Grainne.McMahon4@hscni.net

If you have any queries about the Community Pharmacy Vaccination Service (CPVS) please contact Greg Miller (greg.miller@hscni.net) or Grainne McMahon (Grainne.McMahon4@hscni.net).

Regards,

SPPG Pharmacy Vaccination Team
