 [Registration Link](#)

 Tue, 23 Sept

 19:30 - 21:00 BST

 Online MS Teams Webinar

Agenda:

7.30pm	Welcome and Introductions	Emer McLean
7.40pm	Overview of the Living Well TARGET Checklist	Paula McMaster
8.00pm	Antimicrobial Resistance	Matthew Dolan
8.15pm	Questions	
8.20pm	Update on the Autumn Vaccination Programme	Gráinne McMahon
8.50pm	Questions	
9pm	Close	Emer McLean

Please Note: These events are no longer being facilitated by Project Echo, we therefore will not have the support of their IT team to manage the webinar. During this transition period to ensure everything runs smoothly and that all attendees can access the event [please join the webinar 10 minutes in advance of the start time](#). If you have any issues joining the webinar please email grainne.mcmahon4@hscni.net who will be providing support up until the meeting starts at 7.30pm. In the event that you are unable to access the meeting a recording will be made available.

MS Teams Webinar Tips:

- When registering for the event please use an email address for an account that you will have access to on the evening of the webinar so that you can access the joining link.
- To join the webinar using a smartphone or tablet you must have the MS Teams App (free to download).
- If using a PC or laptop it is possible to join via your web browser but we would recommend downloading the desktop app (free to download) to reduce any issues you may encounter when joining.
- If you have a Microsoft account on the device you are using to join the webinar it is best to be signed into that account before trying to join the webinar.
- Please email grainne.mcmahon4@hscni.net if you have any issues registering or joining the webinar on the night.
