

# Universal Credit and Help with Health Costs

## Are you claiming Universal Credit?

You may be able to get help with Health Service dental, optical and travel costs.

If you don't have any earned income, you will be automatically entitled to help with these health costs.

If you have earned income, you may still be entitled to help with health costs. You should contact the Universal Credit Service Centre or your local Jobs & Benefits office for further information.

Get more details at <https://www.nidirect.gov.uk/help-health-costs> or scan the QR code.
