

For the attention of Community Pharmacies providing the Autumn 2025 Community Pharmacy Vaccine Service (CPVS):

1. **Reminder: Community Pharmacy Vaccination Service Continues**

Community Pharmacies are contracted to deliver the Autumn CPVS for the duration of the campaigns. Patients should be offered vaccinations throughout the programme timelines. The finish dates for the Autumn 25 COVID-19 and Seasonal Flu vaccination programmes are as follows:

- COVID-19: 31st January 2026.
- Seasonal Flu: 31st March 2026.

2. **Vaccine Stock: Quota Increase Requests**

Stock is readily available for all vaccines. If your demand exceeds your allocated quota please email Grainne.McMahon4@hscni.net for a quota uplift. In order for your request to be processed efficiently please:

- Send the quota request email from your **HSCNI email address**
- Please **state the quantity of each vaccine product** you require to cover the next 2 weeks of planned activity

Quota uplifts received by 10.30am will be available to order from Movianto by 12noon the same day. Quota uplifts received by 3.30pm will be available to order from Movianto by 5pm.

3. **VMS – Prompt Recording of Vaccinations**

PHA and SPPG are reporting the vaccine uptake as part of the national surveillance programme. It is essential that vaccination records are entered onto VMS without delay by community pharmacy (as per the service specification). This allows accurate monitoring of vaccine uptake in the different cohorts and improves any follow up or interventions to address specific needs. Please record your vaccinations promptly on the VMS.

If you have any queries about the Community Pharmacy Vaccination Service (CPVS) please contact Greg Miller (greg.miller@hscni.net) or Grainne McMahon (Grainne.McMahon4@hscni.net).

Regards,

SPPG Pharmacy Vaccination Team
