

2nd July 2024

BY EMAIL

Our Ref: FOI 2196

Dear 

Your request for information was received on 7th May 2024 and was dealt with under the terms of the Freedom of Information Act 2000. Please be advised that the Business Services Organisation (BSO) has now completed its search for the information you requested in relation to core PPE and or covid impacted items.

Please find a response as follows:

- 1. Legal name of company purchased from: See Appendix 1**
- 2. Date of order: See Appendix 1**
- 3. Type of core PPE or COVID impacted item: See Appendix 1**
- 4. Order Quantity: See Appendix 1**
- 5. Value of Order: See Appendix 1**
- 6. Amount or units or items left by 31 March 2024: See Appendix 2**

Redactions have been carried out to Appendix 1 on the grounds of Section 43 (2) Prejudice to Commercial Interests.

Section 43 Commercial Interests

Section 43(2) of the FOIA states that *“Information is exempt information if its disclosure under this Act would, or would be likely to, prejudice the commercial interests of any person (including the public authority holding it).”*

Under the FOIA, section 43 (commercial interests) is a qualified exemption. This means that even if information falls within an exemption, a public authority is

under a duty to consider whether disclosure should nevertheless be made in the public interest.

A copy of the public interest test, as applied by BSO, is provided for your information

The Public Interest Test

In determining whether or not the public interest in withholding information outweighs the public interest in disclosing information, BSO considered the factors favouring disclosure and the factors against disclosure. The application of the Public Interest Test is set out below.

Exemption claimed in respect of Section 43(2) Commercial Interests	
In favour of disclosure of information	In favour of not disclosing information
1 BSO PaLS has a duty to be open, transparent and accountable as we are a public body.	1. The disclosure of the value and the quantity purchased from suppliers in tandem would likely cause prejudice to their commercial interests.
2 Disclosing the quantity purchased could feasibly aid the public in understanding the breakdown of how money is being spent.	2 Disclosure may restrict the number of companies willing to work with the public sector for fear of losing a commercial advantage through the release of the breakdown of the quantity and value purchased.
	4 Disclosure the quantity and value spent may deter suppliers from bidding for future opportunities. This in turn may lead to HSC not being able to attract the optimum service providers which will ultimately impact on the quality of service provided to the public.
	5 The release of such information to competitors could expose BSO PaLS to breaches of the principles of transparency, non-discrimination and equal treatment.
	6 The confidential nature of the information if disclosed could result in a claim for breach of confidence.

BSO is aware of the importance in ensuring transparency as to how public money is spent. BSO therefore believes that in keeping with the Information Commissioner's Office (ICO) Decision Notice issued by the Commissioner on 10 January 2011 entitled "Department of Health" reference: FS50303047, it is appropriate to issue high level information only. The release of high-level information only, i.e. the total value of the order/contract/DAC would be appropriate to protect the supplier's pricing strategy.

I hope that the information provided assists you. If you are dissatisfied in any way with the handling of your request, you have the right to request a review. You should do this as soon as possible or in any case within two months of the date of issue of this letter, as the BSO, along with all other public authorities are not obliged to accept internal review requests after this period has lapsed.

In the event that you require a review to be undertaken, you can do so by writing to

Information Governance Manager,
2 Franklin Street,
Belfast,
BT2 8DQ

If, following an internal review, carried out by an independent decision-making panel, you remain dissatisfied in any way with the handling of the request, you may make a complaint under Section 50 of the Freedom of Information Act, to the Information Commissioner's Office and ask that they investigate whether the BSO has complied with the terms of the Freedom of Information Act.

You can contact Information Commissioner at:

Website: www.ico.org.uk
Phone: 0303 123 1113
Email: casework@ico.org.uk
Post: Information Commissioner's Office
3rd Floor, 14 Cromac Place
Belfast
BT7 2JB

In most circumstances the Information Commissioner will not investigate a complaint unless an internal review procedure has been carried out. However, the Commissioner has the option to investigate the matter at his discretion.

Yours Sincerely,

Karen Bailey
Chief Executive
