

## Equality and Human Rights Screening Template

NIMDTA is required to address the 4 questions below in relation to all its policies

What is the likely impact on equality of opportunity for those affected by this policy, for each of the Section 75 equality categories? (minor/major/none)

Are there opportunities to better promote equality of opportunity for people within the Section 75 equality categories?

To what extent is the policy likely to impact on good relations between people of a different religious belief, political opinion or racial group? (minor/major/none)

Are there opportunities to better promote good relations between people of a different religious belief, political opinion or racial group?

As part of the audit trail documentation needs to be made available for all policies and decisions examined for equality and human rights implications. The screening template is a pro forma to document consideration of each screening question.

# SCREENING TEMPLATE

See [Guidance Notes](#) for further information on the ‘why’ ‘what’ ‘when’, and ‘who’ in relation to screening, for background information on the relevant legislation and for help in answering the questions on this template.

## (1) INFORMATION ABOUT THE POLICY OR DECISION

<b>1.1 Title of policy or decision</b>  <b>Policy on Partial Retirement</b>
---

<b>1.2 Description of policy or decision</b> <ul style="list-style-type: none"><li><b>what is it trying to achieve? (aims and objectives)</b><p>The primary purpose of this Policy is to outline how HSCNI intends to support those employees to remain in work for longer, working productively and safely, whilst accessing some of their HSC pension benefits through ‘Partial Retirement’ and preparing for final retirement from the service.</p></li><li><b>how will this be achieved? (key elements)</b><p>NIMDTA recognises the impact working longer will have on our employees in terms of their physical and mental health and wellbeing, particularly those employees working in frontline and physically demanding roles. In providing the ability to partially retire, and with the potential to ‘reshape’ roles, it is expected that this Policy will encourage pro-active and live discussions between individuals and their employers which seek to support the transition from employment to retirement.</p></li><li><b>what are the key constraints? (for example financial, legislative or other)</b><p>Financial restrictions due to employees being in receipt of pension payments and remaining in the workplace, Disability Discrimination Act 1995.</p></li></ul>
--

<b>1.3 Main stakeholders affected (internal and external)</b>  <b>For example staff, actual or potential service users, other public sector organisations, voluntary and community groups, trade unions or professional organisations or private sector organisations or others</b> Those primarily affected by the policy are:
--

- staff who are eligible to partially retire.
- Colleagues/other team members who would apply for the post involved given the opportunity
- Members of the public who would apply for the post involved given the opportunity

#### External

- Trade union representatives.
- Statutory Enforcement bodies such as the Equality Commission for NI, Commission for Racial Equality, Fair Employment and Industrial Tribunal

NB: The above list is not exhaustive

## **1.4 Other policies or decisions with a bearing on this policy or decision**

- **what are they? (This list is not exhaustive)**

Grievance Policy  
 Disciplinary Procedure  
 Capability Procedure  
 Equality, Diversity and Inclusion Policy  
 Equality Scheme  
 Code of Conduct for Staff  
 Partial Retirement Policy  
 Legislative changes  
 Work life Balance  
 Pension Guidelines  
 Pension Factsheets

- **who owns them?**

BSO, HSC, DoH, NI Assembly

## **(2) CONSIDERATION OF EQUALITY AND GOOD RELATIONS ISSUES AND EVIDENCE USED**

### **2.1 Data gathering**

**What information did you use to inform this equality screening? For example previous consultations, statistics, research, Equality Impact Assessments (EQIAs), complaints. Provide details of how you involved stakeholders, views of colleagues, service users, staff side or other stakeholders.**

- Organisation wide staff equality data
- Census data (2021)
- Engagement with Trade Union colleagues conducted via Joint Negotiating forums (JNF)

## 2.2 Quantitative Data

**Who is affected by the policy or decision? Please provide a statistical profile. Note if policy affects both staff and service users, please provide profile for both. Also give consideration to multiple identities.**

	Evidence suggests that women are more likely to retire earlier than men despite having a longer life expectancy, though this has changed in recent years.																				
When an employee avails of retire and return, employees in junior roles to the position retiring and returning may not have the immediate opportunity to apply for the post. This may have an indirect impact on gender.

	Staff in both the 55-59, 60-64 and >=65 are the only staff that are able to avail of the retire and return policy/process.																				
	Only those employees 55 years old and above are able to avail of retire and return. This is due to anyone under the age of 55 not being able to legally access retirement benefits. A further consideration is which HSC pension scheme an employee avails of. The 1995 scheme allows employees to fully retire at 60, and other schemes (2008, 2015 etc.) are in line with normal retirement age for example 68 years old. 1995 scheme employees eligible for this policy generally have longer service and are generally in the 1995 pension scheme. Younger employees (under the age of 55) are unable avail of this policy due to legislation and dependent on which HSC Pension scheme they avail of. Whilst employees in the older 3 age brackets can only avail of this policy, employees in junior roles to the position retiring and returning may not have the immediate opportunity to apply for the post.

## 2.3 Qualitative Data

**What are the different needs, experiences and priorities of each of the categories in relation to this policy or decision and what equality issues emerge from this? Note if policy affects both staff and service users, please discuss issues for both. Also give consideration to multiple identities (such as single parents for example).**

<b>Category</b>	<b>Needs and Experiences</b>
Gender	There is no data to suggest that there are specific needs or experiences arising within this category.
Age	There is no data to suggest that there are specific needs or experiences arising within this category.
Religion	There is no data to suggest that there are specific needs or experiences arising within this category.
Political Opinion	There is no data to suggest that there are specific needs or experiences arising within this category.
Marital Status	There is no data to suggest that there are specific needs or experiences arising within this category.

Dependent Status	There is no data to suggest that there are specific needs or experiences arising within this category.
Disability	Individuals with sensory problems will have specific requirements with regards to communication of the policy. Also, those with learning difficulties may require additional support in order to get an understanding of how the policy works and the processes involved.
Ethnicity	There is no data to suggest that there are specific needs or experiences arising within this category.
Sexual Orientation	There is no data to suggest that there are specific needs or experiences arising within this category.

## 2.4 Making Changes

**Based on the equality issues you identified in 2.2 and 2.3, what changes did you make or do you intend to make in relation to the policy or decision in order to promote equality of opportunity?**

<i><b>In developing the policy or decision what did you do or change to address the equality issues you identified?</b></i>	<i><b>What do you intend to do in future to address the equality issues you identified?</b></i>
<p><b>Disability:</b> In line with NIMDTA's Accessible Formats Policy, NIMDTA will provide alternative formats on request to meet the needs of people with a disability who may need information in an accessible format.</p> <p><b>Age:</b> Retire and return policy is bound by legislation and is difficult for NIMDTA to mitigate. To mitigate this recruitment for the post should commence at the earliest convenience.</p> <p><b>Gender:</b> The policy specifies that "The Director should also demonstrate that they have considered alternative methods of covering the vacant role e.g. offering current employees the chance to increase hours." (p.14) This would provide opportunities for part-time staff, who tend to be predominately female, many of whom have caring responsibilities. However to mitigate this recruitment for the post should commence at the earliest convenience.</p>	<p>The Northern Ireland Medical &amp; Dental Training Agency (NIMDTA) is committed to providing equality of opportunity, and strives to promote a good and harmonious working environment where every employee is treated with respect and dignity and in which no one is disadvantaged based on their age, disability, marital or civil partnership status, political opinion, race, religious belief, sex (including gender reassignment), sexual orientation, with dependants or without dependants</p>

## 2.5 Good Relations

**What changes to the policy or decision – if any – or what additional measures would you suggest to ensure that it promotes good relations? (refer to guidance notes for guidance on impact)**

<b><i>Group</i></b>	<b><i>Impact</i></b>	<b><i>Suggestions</i></b>
Religion	None	
Political opinion	As above	As above
Ethnicity	As above	As above

**(3) SHOULD THE POLICY OR DECISION BE SUBJECT TO A FULL EQUALITY IMPACT ASSESSMENT?**

**Please tick:**

Yes	
No	x

Please give reasons for your decisions.

Issues for any of the Section 75 groups highlighted in this screening have been mitigated against however the organisation is bound by legislation in relation to retirement ages. Implementation of this policy will support the organisation in maintaining business continuity in areas which are highly specialised may not have a large applicant pool.

#### **(4) CONSIDERATION OF DISABILITY DUTIES**

##### **4.1 In what ways does the policy or decision encourage disabled people to participate in public life and what else could you do to do so?**

<b><i>How does the policy or decision currently encourage disabled people to participate in public life?</i></b>	<b><i>What else could you do to encourage disabled people to participate in public life?</i></b>
	NIMDTA plan to liaise and explore policy development with the Tapestry, Disability Staff Network to help encourage disabled people to participate in public life.

##### **4.2 In what ways does the policy or decision promote positive attitudes towards disabled people and what else could you do to do so?**

<b><i>How does the policy or decision currently promote positive attitudes towards disabled people?</i></b>	<b><i>What else could you do to promote positive attitudes towards disabled people?</i></b>
This policy may provide employees, 55 and over, with a disability the opportunity to avail of pension benefits and allows a reduction in hours. The employee in this basis will not suffer a financial detriment.	Further engagement via the Tapestry Network in order to identify specific needs and shape policy and procedure to encourage disabled people to engage.
